INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council City of Fifty Lakes Fifty Lakes, Minnesota

Report on the Financial Statements

We have audited the statement of balances arising from cash transactions of each governmental fund and the proprietary fund of the City of Fifty Lakes (City), Minnesota as of December 31, 2020, and the related statements of cash receipts, disbursements, and changes in cash fund balances of each governmental fund, the budgetary comparison schedules, and the statements of cash receipts, disbursements, and changes in net cash position and the statement of cash flows – cash basis of the proprietary fund for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the accounting practices prescribed or permitted by the Minnesota Office of the State Auditor, as described in Note 1, to meet the requirements of the Minnesota Office of the State Auditor. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, to meet the financial reporting requirements of the Minnesota Office of the State Auditor, the financial statements are prepared by the City in accordance with the financial reporting provisions of the accounting practices prescribed or permitted by the Minnesota Office of the State Auditor, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City as of December 31, 2020, or changes in financial position, or where applicable, cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances and cash fund balances of each governmental fund and the proprietary fund of the City as of December 31, 2020, and the related receipts, disbursements, and changes in cash fund balance of each governmental fund, the budgetary comparison schedules, and the related receipts, disbursements, and changes in net cash position and the cash flow for the proprietary fund for the year then ended.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The liquor store statement of net position, statement of revenues, expenses, and changes in net position, and the statement of cash flow for the proprietary fund, schedule of city indebtedness, schedules of accounts receivable and accounts payable, and the schedule of capital assets are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The statement of net position, statement of revenues, expenses, and changes in net position, and the statement of cash flow for the proprietary fund, schedule of city indebtedness, schedule of accounts receivable and accounts payable, and the schedule of capital assets, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Fifty Lakes (the City), Minnesota is a statutory city governed by an elected mayor and four council members. The accompanying financial statements present the government entities for which the government is considered to be fiscally accountable.

The financial statements present the City and its component units. The City includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate from such. Component units are legally separate entities for which the City is financially accountable, or for which the exclusion of the component unit would render the financial statements of the City misleading.

The criteria used to determine if the City is financially accountable for a component unit includes whether or not 1) the City appoints the voting majority of the potential component unit's governing body and is able to impose its will on the potential component unit or is in a relationship of financial benefit or burden with the potential component unit, or 2) the potential component unit is fiscally dependent on and there is a potential for the potential component unit to provide specific benefits to, or impose specific financial burden on the City.

As a result of applying the criteria, the City does not have any component units.

B. Description of Funds

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its receipts and disbursements and cash balances.

The City reports the following major governmental funds:

General Fund

The General Fund accounts for all financial resources and transactions except those required to be accounted for in other fund.

Road and Bridge Special Revenue Fund

The Road and Bridge Fund accounts for the receipts and disbursements associated with road and bridge operations.

Fire and First Responders Special Revenue Fund

The Fire and First Responders Fund accounts for the receipts and disbursements associated with fire and first responders operations.

Debt Service Fund

The Debt Service Fund accounts for the receipts and disbursement associated with the long-term debt of the City.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

The City reports the following major enterprise fund:

Liquor Fund

The Liquor Fund accounts for the activities of the City's liquor store.

Proprietary funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing delivering good in connection with a proprietary fund's principal ongoing operations. The principal operating receipts of the enterprise fund are charges to customers for sales and services. Operating disbursements for the enterprise fund include the cost of sales and services. All receipts and disbursements not meeting this definition are reported as nonoperating receipts and disbursements.

C. Significant Accounting Policies

The City of Fifty Lakes, Minnesota follows the *Regulatory Basis of Accounting* as prescribed by the State of Minnesota's Office of the State Auditor for all funds. For all government funds and the proprietary fund, the statements were prepared on the cash basis and, accordingly, receipts and disbursements are recognized only as cash is received or paid out. These statements do not give effect to receivables, payables, accrued expenses, and inventories and, accordingly, are not presented in accordance with generally accepted accounting principles.

D. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, deposits, and short-term investments purchased with a maturity of three months or less.

E. Capital Assets

Capital assets acquired and constructed for use in the governmental and proprietary fund type operations are reflected as capital outlay disbursements in the governmental and proprietary funds. Capital assets are defined by the City, as assets with an initial, individual cost of more than \$500. In the Supplementary Information, property, plant, and equipment of the Liquor Fund is depreciated using the straight-line method to allocate the cost on an annual basis over the estimated useful lives. Buildings and Improvements have an estimated useful life between 25 and 50 years. Machinery, Furniture, and Equipment have an estimated useful life between 5 and 7 years.

F. Compensated Absences

City employees earn vacation days based upon the number of completed years of service. The City compensates employees for unused vacation upon termination of employment. Employees are entitled to payment of unused sick days at the rate of 40% of the accumulated days at the current salary upon termination of employment.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Postemployment Benefits Other Than Pensions

Employees of the City pay health care premiums based on single or family coverage. Additionally, Minnesota Statutes require the City to allow retired employees to stay on the health care plan with the retiree responsible to pay the entire premium for continuation of coverage (except as otherwise provided in a collective bargaining agreement or personnel policy). The City's personnel policy does not provide for any contributions upon retirement. Other postemployment benefits are recognized as disbursements as they are paid.

H. Long-Term Obligations

Principal and interest payments are recorded as disbursements when paid in the governmental and proprietary fund types.

I. Property Taxes

The City levies its property taxes for the subsequent year during the month of December. In Minnesota, the lien date and assessment date is January 2. The property tax is recorded as revenue when it is received. Crow Wing County is the collecting agency for the levy and then remits the collections to the City.

The County Auditor prepares the tax list for all taxable property in the City, applying the applicable tax capacity rate to the tax capacity value of individual properties, to arrive at the actual tax for each property. The County Auditor also collects all special assessments, except for certain payments paid directly to the City.

The County Auditor provides a list of taxes and special assessments to be collected on each parcel of property to the County Treasurer in January of each year. Property owners are required to pay one-half of their real estate taxes by May 15 and the balances by October 15.

J. Equity

Governmental Fund Financial Statements – In the fund financial statements, governmental funds report components of cash fund balance to provide information about cash fund balance availability for appropriation. Restricted cash fund balance represents amounts available for appropriation but intended for a specific use and is legally restricted by outside parties. Committed cash fund balance represents constraints on spending that the City imposes upon itself by high-level formal action prior to the close of the fiscal period. Assigned cash fund balance represents resources intended for spending for a purpose set by the government body itself or by some person or body delegated to exercise such authority in accordance with policy established by the board. Unassigned cash fund balance is the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications.

Proprietary Fund Statements – Net cash position is reported as restricted in the statements when there are limitations imposed on its use through external restrictions imposed by creditors, grantor, laws, or regulations of other governments. The remaining balance is considered to be unrestricted.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Use of Estimates

The preparation of the financial statements in conformity with the Regulatory Basis of Accounting requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of receipts and disbursements during the reporting period. Actual results could differ from those estimates.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City Council adopts an annual budget. The amounts shown in the financial statements as "budget" represent the original budgeted amounts and all revisions made during the year. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to October 1, the City Clerk-Treasurer submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed disbursements and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. The budget is legally enacted through Council action after obtaining taxpayer comments. The action approved by the City Council sets forth the budgets at the function level for the General Fund.
- 4. A budget for the General Fund is adopted on the Regulatory Basis of Accounting in accordance with the Office of the State Auditor.
- 5. Disbursements may not legally exceed budgeted appropriations at the department level. No fund's budget can be increased without City Council approval. The City Council may authorize transfer of budgeted amounts between departments within any fund. Management may amend budgets within a department level, so long as the total department budget is not changed.
- 6. An annual appropriated budget is adopted during the year for the General Fund and Special Revenue Funds. Budgetary control for Capital Projects Fund is accomplished through the use of project controls and formal appropriated budget are not adopted. Annual appropriated budgets are not adopted for Debt Service Fund because effecting budgetary controls is alternatively achieved through bond indenture provisions.
- 7. Budgeted amounts are as originally adopted or as amended by the City Council. Individual amendments were not material in relation to the original amounts budgeted. Budgeted disbursement appropriations lapse at year-end.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Excess of Disbursements Over Budgeted Appropriations

The following fund has disbursements that exceed appropriations:

	Budget	Actual	Over
Fire and First Responders Special Revenue Fund	\$ 66,500	\$ 70,720	\$ 4,220

NOTE 3 DEPOSITS

The City maintains a cash pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of balances arising from cash transactions as "Cash." In accordance with Minnesota Statutes, the City maintains deposits at financial institutions which are authorized by the City Council.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. The City does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance on bonds.

Authorized collateral includes: (a) United States government treasury bills, treasury notes, treasury bonds; (b) issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity; (c) general obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state of local government with taxing powers with is rated "AA" or better by a national bond rating service; (d) unrated general obligation securities of a local government with taxing power pledged as collateral against funds deposited by that same local government entity's; (e) irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation; and (f) time deposits that are fully insured by the Federal Deposit Insurance Corporation.

Minnesota Statutes require that collateral be placed in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the depository.

As of December 31, 2020, all City deposits were covered by insurance or collateral.

NOTE 3 DEPOSITS (CONTINUED)

A reconciliation of cash and certificates of deposit as shown on the statement of cash receipts, disbursements, and balances for the City follows:

Pooled Cash in Checking Accounts	\$ 823,096
Certificate of Deposits	468,335
Petty Cash	1,240
Total	\$ 1,292,671
Governmental Funds	\$ 1,186,704
Governmental Funds Proprietary Fund	\$ 1,186,704 105,967

NOTE 4 CAPITAL ASSETS

Capital asset activity for the Liquor Fund, as reported in the Supplementary Information, for the year ended December 31, 2020 is as follows:

Business-Type Activities	Balance cember 31, 2019	 ncrease	De	crease	Balance December 3 2020	
Capital Assets Being Depreciated: Buildings and Improvements Machinery, Furniture, and Equipment	\$ 263,575 50,196	\$ 18,718 2,532	\$	- 805	\$	282,293 51,923

Total	\$	125,814	\$	12,009	\$	137,823		

NOTE 6 PENSION PLAN

A. Public Employees Retirement Association

Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

All full-time and certain part-time employees of the City of Fifty Lakes are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% of average salary for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

NOTE 6 PENSION PLAN (CONTINUED)

A. Public Employees Retirement Association (Continued)

Benefits Provided (Continued)

Benefit increases are provided to benefits recipients each January. Beginning in 2019, the postretirement increase will be equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2020 and the City was required to contribute 7.50% for Coordinated Plan members. The City's contributions to the General Employees Fund for the years ended December 31, 2020, 2019, and 2018 were \$18,879, \$19,167, and \$19,613, respectively. The City's contributions were equal to the required contributions as set by state statute.

NOTE 7 CITY OF FIFTY LAKES FIRE RELIEF ASSOCIATION

The City contributes to the City of Fifty Lakes Fireman's Relief Association, a single employer retirement system that acts as a common investment and administrator for the City's firefighters. All active members of the fire department are members of the association.

The association provides retirement benefits based on years of active service. The City may be required to make contributions to fund relief association pension benefits. The City may levy property taxes for the discretion of, and for the benefit of, the fire relief association. State aid allocated to the association are passed through the City in accordance with State Statutes.

NOTE 8 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft or destruction of assets, errors and omissions, injuries to employees, employees' health and life, and natural disasters. The City has entered into a joint powers agreement with the League of Minnesota Cities Insurance Trust (LMCIT). The LMCIT is a public entity risk pool currently operating as common risk management and insurance program for Minnesota cities. The City also carries commercial insurance for certain other risks of loss.

The agreement for formation of the LMCIT provides that the pool will be self-sustaining through member assessments and will reinsure through commercial companies for claims in excess of reserved amounts for each insured event. The pool can make additional assessments to make the pool self-sustaining. The City has determined that it is not possible to estimate the amount of such additional assessments; however, they are not expected to be material to the financial statements.

There were no significant reductions in insurance coverage from the previous year or settlement in excess of insurance coverage for any of the past three fiscal years.

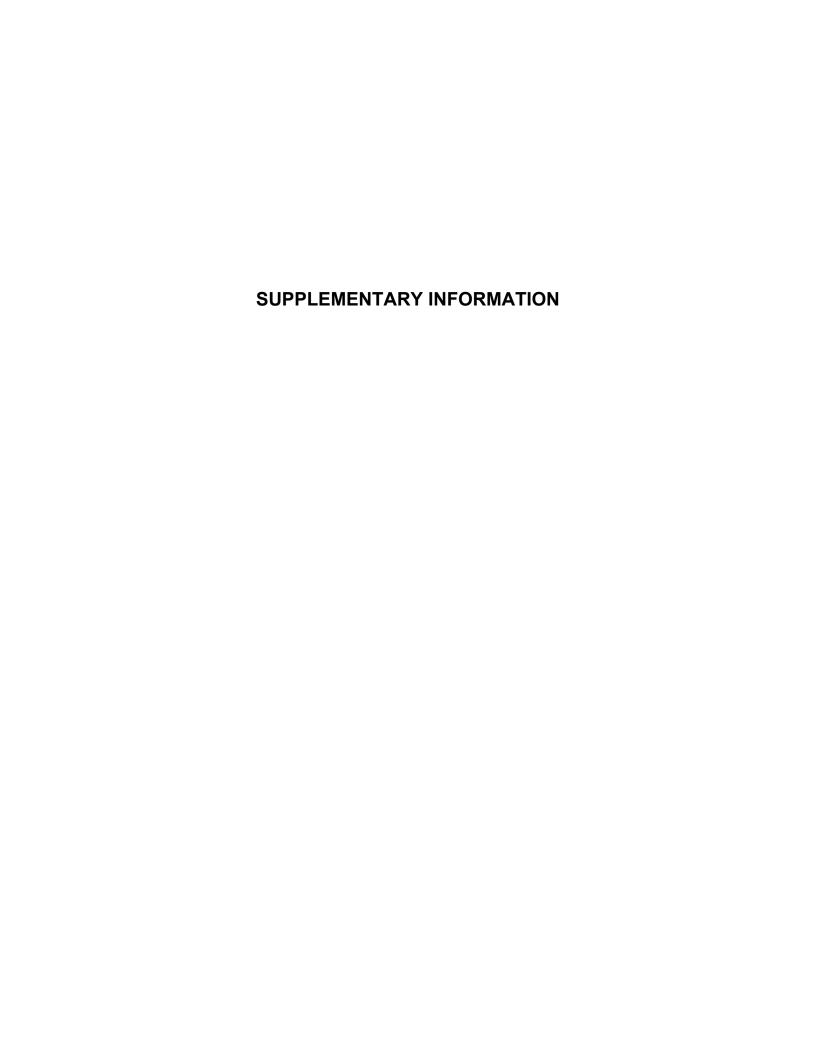

NOTE 9 INTERFUND TRANSFERS

The composition of interfund transfers is as follows:

Transfer From	Transfer To	 Amount			
Liquor Fire and First Responders	General Debt Service	\$ 10,036 12,000			
Total		\$ 22,036			

The purpose of the above transfer from Liquor Fund to General Fund was to provide funding for operating purposes and pay down interfund payable.

The purpose of the above transfer from Fire and First Responders Fund to Debt Service Fund was to provide funding for the fire truck debt payment.

REPORTS RELATED TO GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of Fifty Lakes Fifty Lakes, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying statements of balances arising from cash transactions of the governmental funds and the proprietary funds of the City of Fifty Lakes, Minnesota, as of December 31, 2020, and the related statements of cash receipts, disbursements, and changes in cash fund balances of the governmental funds and the statement of receipts, disbursements, and changes in net cash position and the statement of cash flows of the proprietary funds for the year ended and the related notes to the financial statements, and have issued our report thereon dated March 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal controls that is less severe than a material weakness yet importance enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficient may exist that have not been identified. We did identify certain deficiencies in internal controls, described in the accompanying schedule of findings and recommendations as items 2020-001 and 2020-002 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and recommendations. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Clifton/arsonAllen LLP

Brainerd, Minnesota March 23, 2021

INDEPENDENT AUDITORS' REPORT ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and Members of the City Council City of Fifty Lakes Fifty Lakes, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, the statements of balances arising from cash transactions of the governmental funds and the proprietary funds of the City of Fifty Lakes (the City), Minnesota, as of and for the year then ended December 31, 2020 and the related statements of cash receipts, disbursements, and changes in cash fund balances of the governmental funds and the statement of revenues, expenses, and changes in net cash position and the statement of cash flows of the proprietary funds for the year then ended and the related notes to the financial statements and have issued our report thereon dated March 23, 2021. We expressed an adverse opinion on U.S. generally accepted accounting principles because the financial statements are prepared on a cash basis of accounting that demonstrates compliance with the regulatory basis of accounting principles generally accepted in the United States of America. However, our opinion was unmodified on the financial statements presented under this regulatory basis.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above-referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance relating to the provisions of the *Minnesota Legal Compliance Audit Guide for Cities* and the results of that testing, and not to provide an opinion on compliance. Accordingly, this report is not suitable for any other purpose.

CITY OF FIFTY LAKES, MINNESOTA SCHEDULE OF FINDINGS AND RECOMMENDATIONS YEAR ENDED DECEMBER 31, 2020

MATERIAL WEAKNESSES

2020-001 Lack of Segregation of Duties

Condition: The City has a limited number of office personnel and, accordingly, does not have adequate internal controls in certain areas because of lack of segregation of duties.

Criteria: Effective internal control provides an adequate segregation of duties so that no one individual handles a transaction from its inception to its completion.

Cause/Context: The City does not have proper segregation of duties.

Effect: Because of the lack of segregation of duties, an individual regularly handles transactions from inception to completion.

Repeat Finding: Prior year finding identified as 2019-001.

Recommendation: While we recognize the City's office staff may not be large enough to permit an adequate segregation of duties in all respects for an effective internal control structure, it is important that the City be aware of this condition.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS:

Contact Person: Karen Stern, City Clerk-Treasurer

Corrective Action Planned: The City is aware of the limited segregation of duties and will continue to review internal controls and make changes when they can be made.

Anticipated Completion Date: December 31, 2021

CITY OF FIFTY LAKES, MINNESOTA SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) YEAR ENDED DECEMBER 31, 2020

MATERIAL WEAKNESSES (CONTINUED)

2020-002 Financial Reporting

Condition: The City does not have an internal control policy in place over annual financial reporting that would enable management to prepare its annual financial statements and related footnote disclosures are complete and presented in accordance with the regulatory basis. However, based on the degree of complexity and level of detail needed to prepare the financial statements in accordance with the financial reporting provisions of Minnesota Office of the State Auditor, which is a basis of accounting other than accounting principles generally accepted in the United States of America, the City has requested the auditors to prepare them.

Criteria: Management is responsible for establishing and maintaining internal controls and for the fair presentation of the financial statements including the related disclosures, in conformity with the regulatory basis.

Cause/Context: There are limited number of employees and resources available to allow for the adequate preparation of the financial statements and the related noted by the City.

Effect: The potential exists that a material misstatement of the annual financial statements could occur and not be prevented or detected by the City's internal controls.

Repeat Finding: Prior year finding identified as 2019-002.

Recommendation: Management should continue to evaluate its internal staff capacity to determine if an internal control policy over the annual financial reporting is beneficial.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS:

Contact Person: Karen Stern, City Clerk-Treasurer

Corrective Action Planned: The City is aware of this; however, due to the significant cost and limited number of employees employed by the City, it is in the City's best financial interest to contract for the preparation of the financial statements.

Anticipated Completion Date: December 31, 2021
