

CITY OF FIFTY LAKES
SSTS APPLICATION

APPLICATION:

- A. Applicant shall complete the SSTS Application and submit to the Zoning Administrator.
- B. Applicant shall attach proposed SSTS design to completed application. Design shall be created by a licensed designer, shall be complete and shall be legible.
- C. If the City does not have a current license of the designer on file, a copy shall be submitted at the time of application.
- D. All applications must be submitted **14 days prior** to the proposed installation date.
- E. The SSTS fee shall be paid by the applicant at the time of application.

REVIEW:

- A. The Planning and Zoning Administrator shall review the application for completeness and assign a reference number to application, plans, and any other attachments.
- B. Applicant will be notified, in writing, where additional information is needed.

ACTION:

In order to obtain an SSTS permit, the following must happen:

- A. The Zoning Administrator must review and approve the completed application.
- B. The Zoning Administrator must ensure that the proposed improvements meet the requirements of the Ordinance.
- C. The City Clerk must ensure that the permit fee has been collected.
- D. Based on the date indicated on the application, the Zoning Administrator will assign a field inspector to inspect the installation.

Note 1: The City Fee Schedule is based on the average processing and review costs for all applications. When costs exceed the original application fees, the applicant shall reimburse the City for any additional costs. Such expenses may include, but are not limited to, payroll, mailing costs, consultant fees and other professional services the City may need to obtain in reviewing permits. The City may withhold final action on any application and/or hold the release of such permits until all fees are paid.

Note 2: The City strives to process all applications as soon as they are received. To avoid delays, applicants should allow themselves as much time as possible between the time they submit their application and the time they wish to begin construction. Close coordination with the City during the project design phase and submittals that are complete and accurate will help applicants avoid delays.

Note 3: All SSTS installations must be inspected by the City appointed inspector. There shall be no exceptions. SSTS's that are not inspected shall be in violation of the Ordinance subject to enforcement action under the City Code.
