Spring Into Our Tile Project!

Celebrate the season of renewal by leaving a lasting mark at the Park Pavilion! Donate \$100 or more and receive a 6x6 engraved tile (4 lines, 13 characters per line) — perfect for honoring a loved one, celebrating family, or showcasing your business. Plant your roots in our community this spring and be part of something that will bloom for years to come! Find an order form at fiftylakesmn.com.

~A Message From Fire Chief Jesse Anderson~

With summer construction season approaching, it's important to know when a permit is required in Fifty Lakes. A land use permit is required before starting:

- Construction of any structure or expansion (including sheds, carports, hoop houses, etc.)
- Septic system installation or upgrades
- New impervious surfaces (driveways, patios, walkways)
- Changes in use (e.g., converting garage space to living space)
- Dirt work, retaining walls, or landscaping within 1,000 feet of public water (with some exceptions)
- RV or travel trailer placement for more than 21 consecutive days
- Signs

Permits are NOT required for:

- Up to two small structures per lot (max 25 sq. ft. each) that meet setbacks
- Routine maintenance (roofing, siding, windows, decks, paint, etc.)
- Deer stands (under 32 sq. ft. and meeting state rules)
- Licensed fish houses meeting setbacks
- Residential playground equipment (up to 200 sq. ft. and meeting setbacks)

Before starting any project, contact the City of Fifty Lakes to confirm requirements for your property. Visit the Planning & Zoning page at fiftylakesmn.com or call City Hall for assistance. We're happy to help ensure your project stays on track.

.....
Planning Commission Meetings:

The 4th Tuesday of the month at 6pm
in council chambers at City Hall.

- ◆ March is daylight saving time which means change your clock. This is a great reminder to check your smoke and CO alarms. They should be tested twice a year and replaced every ten years.
- ◆ With spring just around the corner and warmer weather conditions, make sure you are ice aware. The change can lead to unsafe and unpredictable ice conditions, remember, No Ice is Safe Ice.
- ◆ If you are planning on any open burning make sure you check with the DNR website to see if a permit is needed and required conditions are met before lighting the match. Wildfires can spread very quickly!
- ◆ If you are on medications or have special medical needs, make sure to keep a list of pertinent information in a readily accessible place. It helps the responders identify issues and help more efficiently.
- ◆ Check in with neighbors or friends that live alone. Winter can take a toll on mental health, a simple check in can brighten their day. Stay Safe everyone!
